

SCIENCE

Apr. 4, 2018

Day 2/126

At the end of today's lesson you will;

Demonstrate your understanding of the key concepts of Light and Light Waves.

Classwork-

- **Light Waves 4.4-** Students complete an End-of-Unit Assessment consisting of sixteen multiple-choice and two written-response questions. The End-of-Unit Assessment indicates where students fall along the levels of the Progress Build after instruction by measuring their mastery of the specific ideas that comprise each level of the Progress Build.

Homework-

- Get your Science Notebook up to date for tomorrow's check.
