

Earth and Space Science

Sept. 5, 2017

Day 4/4

At the end of today's lesson you will;

- Be able to plot the path of a hurricane, and predict its next position.

Classwork-

- We are going to organize our Science folders.
- How do we plot the position of a hurricane? Can we predict their movement.
- Using the positional data from the [Hurricane Plot Points](#) sheet plot the position and progress of the tropical systems on the [Hurricane Plot Map](#).

Homework-

- Plot the first 6 hurricane tracks on the [Hurricane Plot Map](#).
