

Earth and Space Science

Sept. 18, 2017

Day 1/13

At the end of today's lesson you will;

- Be able to classify planets as rocky planets and begin to think about why planetary geologists use what they know about Earth to study them.

Classwork-

- Today we will begin our Amplify Science program with section 1.1 *The Geology on Mars*.
- Students will consider the Unit Question: How can we search for evidence that other planets were once habitable?

Homework-

- Charge your Chromebook.
