

Earth and Space Science

Sept. 19, 2017

Day 2/14

At the end of today's lesson you will;

- Be able to classify planets as rocky planets and begin to think about why planetary geologists use what they know about Earth to study them.

Classwork-

- Continue with section 1.1 *The Geology on Mars*.
- Students will consider the Unit Question: How can we search for evidence that other planets were once habitable?
- Finish the 3rd activity, and the rest of section 1.

Homework-

- Finish the section 1.1 Homework.
