

Earth and Space Science

Sept. 25, 2017

Day 4/16

At the end of today's lesson you will;

- Be able explain how scientists engage in argumentation to find the best explanation for a question about the natural world.

Classwork-

- Finish section 1.2 *Observing the Surfaces of Mars and Earth*.
- Students will consider the Unit Question: How can we search for evidence that other planets were once habitable, and the Chapter 1 Question; What geologic process could have formed the channel on Mars?
- Begin lesson 1.3: Investigating a Mystery Object on Mars.

Homework-

- [Review the Geology On Mars Vocab on Quizlet.](#)
