

Earth and Space Science

Sept. 29, 2017

Day 4/20

At the end of today's lesson you will;

- Be able to reflect on how models provide evidence to answer scientific questions.

Classwork-

- Amplify lesson 2.2: “Modeling a Geologic Process”.
- In this lesson, students will use a Flowing Water Model to gather evidence about what formed the channel on Mars.
- Students will make observations of a stream table during the Flowing Water Model demonstration and share these observations in a class discussion.

Homework-

- Finish the Section 2.3 Homework: Reflecting on the Flowing Water Model.
- [Review the Geology On Mars Vocab on Quizlet.](#)
