OCT. 25, 2017

DAY 2/38

AT THE END OF TODAY'S LESSON YOU WILL LEARN;

- REPRODUCTION DOES NOT ALWAYS CREATE NEW INDIVIDUALS WITH ADAPTIVE TRAITS.
- INDIVIDUALS INHERIT THEIR GENES FROM THEIR PARENTS, AND THESE GENES DETERMINE THEIR TRAITS. THEREFORE, TRAITS IN A POPULATION ARE PASSED DOWN FROM GENERATION TO GENERATION.

CLASSWORK-

- CONCLUDE NATURAL SELECTION 2.1
- STUDENTS WILL CONTINUE TO INVESTIGATE HOW INDIVIDUALS GET THEIR TRAITS.
- HANDS-ON ACTIVITY DEMONSTRATES HOW REPRODUCTION AND INHERITANCE RESULT IN TRAITS THAT ARE PASSED DOWN FROM GENERATION TO GENERATION.
- WE WILL FINISH SECTIONS 3 AND 4 TODAY.

HOMEWORK-

- PRACTICE YOUR NATURAL SELECTION VOCABULARY ON QUIZLET.
