

**May. 16, 2019**

**Day 1/161**

**At the end of today's lesson you will;**

- *What causes climate change?*

## **Classwork-**

- **Earth's Changing Climate 2.5**
- *This differentiated lesson is designed to provide students with a targeted review and exploration of key concepts and ideas.*
- *Based on results from formative assessments in the Critical Juncture, students are placed in one of three groups.*
- *Within these groups, students receive tailored experiences that target their particular learning needs. Students begin the lesson with a Warm-Up and progress through work in both the Sim and the Modeling Tool. Students come back together as a whole class to make sense of the key concepts introduced up to this point.*
- *The purpose of this lesson is to provide opportunities to review key ideas in preparation for deeper learning about our changing climate..*

## **Homework-**

- *Complete all of the activities from today's Earth's Changing Climate 2.5 lesson.*
