

Earth and Space Science

Aug 31, 2018

Day 3/3

At the end of today's lesson you will;

- Have a general understanding of what 8th grade Science will entail, and what the expectations are.

Classwork-

- Periods 1&2 - 8th Grade Science introduction. Class rules and expectations.
- Periods 4,5,7 Finish up Science class introduction.
- Begin to take a look at Hurricanes. How do hurricanes form? How do we plot them? Can we predict their movement.

Homework-

- Have all of your class/school supplies for Tuesday.
