

# Natural Selection

Next Generation Science Standards

Dec. 4, 2018

Day 1/61

***At the end of today's lesson you will;***

- Design a malaria treatment that minimizes drug-resistant malaria.

***Classwork-***

- Natural Selection Engineering Internship Day 9
- In this last day of the Proposal phase, interns work to complete their Final Proposals. Interns work with the internship coordinator to convert the Project Summary from Day 4 into the Proposal Introduction, and will convert the Trade-Offs Reflection responses they submitted in Day 6 into the Proposal Conclusion.
- At the end of this workday, interns will make final edits and submit the Proposal.

***Homework-***

- Complete today's "After Hours" work.
