

THERMAL ENERGY UNIT

Mar. 13, 2020

Day 2/121

At the end of today's lesson you will be able to determine;

- Why do things change temperature? What is happening when the air in the school gets warmer?

Classwork-

- Thermal Energy 2.6
- Thermal Energy Vocabulary Quiz.
- Students complete a Critical Juncture Assessment consisting of 12 multiple-choice questions and 2 written-response questions. The Critical Juncture is designed to reveal students' current levels of understanding of the unit's core content, and the results are used to place each student at a particular level of the Progress Build. These assessment results indicate students' progress from the beginning of the unit and are used to group students for differentiated instruction in the next lesson.

Homework-

- No homework
